

Kentresa Riley, Education & Certification Coordinator, 1980 – 2010

It is with great sadness that we report the passing of Kentresa Riley, Education & Certification Coordinator for SWE. Kentresa came to the Society in August 2008 to assist with the expanding certification program. A quick study and a hard worker, she soon assumed full responsibility for certification, including receiving and processing exam results, coordinating exam dates and location with proctors, assisting members with examination registration, and handling mail. These were detailed tasks that Kentresa managed with ease, even while juggling a full-time evening position with SEED Charter School. In 2010, she left SEED to devote herself to the Society full time.

Words cannot express our sorrow at having lost such a vital part of our professional family. She was a cherished colleague and friend, and a true asset to the Society. She will be dearly missed.

A more detailed obituary will appear in the Winter issue of our Newsletter.
